

2017 Nomination Shirley Payne IT Security Achievement Award

During our annual VASCAN conference, the Shirley Payne IT Security Advancement Award is given to an IT security professional, manager or auditor who has contributed to the Virginia information security community in a notable way, or who joined the community and exhibited an admirable commitment to developing, in themselves and others, the necessary skills to execute and advance an effective information security program.

Submit completed nomination forms by September 1, 2017 to bdaniels@vt.edu.
