Q&A Addendum for the eCYBERMISSION Program

Posted June 5, 2012

1.) Are budgets required for only the first period of the agreement?

Initial budget will only be required for the first period of performance. The government reserves the right to evaluate initial period of performance of awardee and will determine continuance of eCYBERMISSION program management.

2.) What is the current total amount of awards presented to eCYBERMISSION student winners?

As mentioned during the industry day, each student on the 2nd place state winning team receives up to $500 savings bonds; 1st place state receives up to $1000; 1st place regionals receives up to $2000 and national winners receives an additional (up to) $5000 savings bonds. The purchase price of US Savings Bonds Series EE is half its matured value and the maximum total cost to the program for current award structure is $728K annually, with the notion that a full complement of teams participated in each state and in each grade level.
